

## 2008 NovaTech User Conference - NEW Conference Registration and Hotel Forms Available

September 28 - October 1  
Baltimore, Maryland

# 2008 NovaTech User Conference

September 28 - October 1

Baltimore, Maryland

Please join us for the 18th Annual NovaTech User Conference. The conference will be held September 28 - October 1, 2008 at the Tremont Plaza Hotel and Grand Conference Center located in the heart of downtown Baltimore and just blocks from the Inner Harbor.

### CONFERENCE SESSIONS

NovaTech's User Conference will offer a balanced program of presentations, focus groups and panel discussions. The current schedule for 2008 will include:

- Company highlights
- Product updates on the D/3®
- NovaTech 8000 I/O Retrofits
- User Applications: Boilers
- User Applications: Loadout and VMWare
- Cyber-security
- Energy Asset Management System (EAMS) with D/3 and Orion
- FlexBatch™
- Customer Support and Response
- Recovery / Back-up
- IEC61131
- Wireless
- Tips n' Tricks

*(Sessions are subject to change)*

To further support the sessions, we are offering two workshops during the conference: FlexBatch™ and TotalVision®. The NovaTech Demo Room will once again be open throughout the conference and filled with a variety of NovaTech offerings and services.

### ACTIVITIES

A full schedule of activities will give our attendees outstanding networking opportunities.

Sunday, September 28th: Spend a day touring the U.S. Naval Academy located in the charming city of Annapolis, Maryland (lunch provided).

Monday, September 29th: An evening in Padonia Park filled with food and fun.

Tuesday, September 30th: Dinner will be held at the Sports Legend and Babe Ruth Museum and will include open access to the entire museum.

### GUEST SPEAKER

NovaTech is very excited to announce that Jim Pinto will be our Guest Speaker to close out this year's conference. Jim is an industry analyst and commentator, writer, technology entrepreneur, investor and futurist.

Here are a few highlights from Jim's bio:

Since its inception in 1972, Jim Pinto was President and CEO of Action Instruments based in San Diego, CA. USA. In March of '98, Action was acquired by Eurotherm (UK), which in turn was acquired by Invensys in June '98.

Jim retired from Action Instruments after Eurotherm was acquired by Invensys, and since then he has been an angel investor, speaker, writer, technology futurist, author (two popular books, published by ISA in 2003 and 2005) industry commentator and M&A consultant. His popular JimPinto.com eNews is widely read (direct circulation about 7,000, web-readership 2-3 times that number).

Jim Pinto is an Electronics Engineer by background. He was born in Bangalore, India, lived in England for about 8 years, where he founded KPE Controls. He moved to the U.S. in 1968 and worked for Burroughs Corporation, in Pasadena, California. He then moved to San Diego, where he founded Action in 1972.

[User Conference Agenda / Schedule](#)

We look forward to seeing you at the 2008 NovaTech User Conference!

Past attendees have said that the conference is a great way to:

- *Meet and exchange knowledge with other D/3® users. Interact with NovaTech personnel who you have worked with and build better relationships via the sessions and social activities associated with the conference.*
- *Learn the direction NovaTech is taking their products and services with the ability to make suggestions regarding these directions.*
- *Interact with NovaTech management, up to and including the company's CEO, for input to their processes, suggestions for improvement, and expressing your own company's interests as they relate to NovaTech systems and its products and services.*
